Eagle, ID 83616

Alt Benefit Consultants is a privately owned employee benefits compliance firm that works with small to midsized businesses to create competitive and innovative healthcare benefit packages for employers and employees alike.

Our primary goal is to bring our brokers and our business clientele the most current and innovative programs designed to offset skyrocketing health care costs, attract and retain employees, and improve employee morale. No program accomplishes these goals better than a complete wellness plan.

We are so pleased with the alliance we have with My Wellchoice+. My Wellchoice+ is a leading provider of affordable wellness programs which we offer to our small and midsized firms. Their easy to implement wellness programs are designed to engage employees and their families in customized fitness, low-calorie meal planning and life skills improvement that achieve significant results. Their programs help employees to establish healthy behaviors which reduce health care costs for employers.

For us, having My Wellchoice+ programs as part of our services gives us a true competitive advantage. Several of our most significant clients see our wellness offerings as reason enough to remain our clients. It improves client retention. It has also allowed us to open doors and increase market penetration. We plan to use My Wellchoice+ as a way to differentiate ourselves even more this coming year.

The people at My Wellchoice+ continue to show their passion and support for affordable wellness that works. My Wellchoice+ and their wellness programs have changed how we do business.

Sincerely,

Chris Alt  
Owner, Alt Benefits Consultants
